

KILLED BY ROBBERS AT HIS BANK DESK

THE CASHIER SLAIN IN BROAD
DAYLIGHT.

New Hampshire Man Yields His Life
While Defending His Trust—Robbers Overlook One Hundred Thousand Dollars—Friends of the Dead Man Threaten a Lynching.

Somersworth, N. H., April 17.—Cashier Joseph A. Stickney, of the Great Falls National Bank in this city, yielded his life Friday after a desperate but futile struggle to prevent robbers from taking the bank's cash. His lifeless body was found with the skull broken by a heavy stick and with the throat cut.

The amount of booty secured by the robbers is a matter of conjecture. All the cash except a \$5 gold piece is missing, and this is estimated to be \$6,000, though it may be much more. No one but Stickney knew how much was in the vault at the time.

One remarkable feature, showing the hurried manner in which the robbers did their work, is the fact that they overlooked \$100,000 in United States bonds, kept in one of the drawers of the vault. None of the negotiable paper or bank securities was touched, the robbers having evidently determined to take nothing but cash.

It has always been customary for Cashier Stickney, and the bank clerk, Mrs. Parker Swazey, to close the bank at noon and not reopen it until 2 o'clock. Friday Mrs. Swazey left her desk at the usual time, but the cashier remained looking over the accounts, and it is thought he was preparing to go out when the robbers entered.

At 2 o'clock Frank P. Reed went up the staircase of the bank building and found that the thick plate glass in the front outside door of the bank had been completely shattered. He at once notified City Marshal Eaton, and they broke in the door and found the body of Stickney. His head had been nearly severed from the body, and was marked with several deep gashes and bruises made by a heavy blackjack, the skull being crushed in.

Physicians who have examined the body say it is apparent that the victim was pounded to death. Another fact brought out at the autopsy is that the weapon used to cut the victim's throat was a medium-sized knife, the blade of which was very dull, and left a dark and irregular wound.

This was at least an hour after the murderous work had been done. The perpetrators had ample time to escape, and scores of deputy sheriffs, marshals, police and citizens are scouring this section of the state and the adjoining state of Maine, which from this city is just across the Salmon Falls river.

Mr. Stickney was a well-known resident of this city, and threats of quick vengeance are freely being made in the event that his murderers are captured and brought here.

Two Suspects Under Arrest.

Boston, April 17.—In Waltham Cornelius Hardigan and John J. Briggs were arrested at the request of the Somersworth, N. H., police, charged with the murder of Joseph A. Stickney, cashier of the Great Falls National Bank of that town. The men admit they were in Somersworth Friday, but say they left at 10 o'clock in the morning. They say that when the crime happened they were in a saloon in Waltham, and can prove it.

THEY CANNOT ESCAPE WAR.

Peaceful Solution of the Present Grave Crisis Is Hopeless.

London, April 17.—The Larissa correspondent of the Times says: "Every one here continues to declare that an outbreak of war is inevitable within the next two or three days, especially as it is now known that in high quarters at Athens a peaceful solution of the difficulty is regarded as almost hopeless. The authorities here are seriously counting the cost of embarking in such a struggle, but other influences are urging them on. Meanwhile, it is perfectly certain that the irregulars, unless restrained, will again invade Macedonia, in order to compel the porte to declare war."

River Stationary at Omaha.

Omaha, Neb., April 17.—The river at Omaha is stationary. Florence lake dike remains firm and is still checking the flow via the river into Cut-off lake. The northern part of East Omaha is an island, the water from the western arm of the lake extending across the horseshoe to the eastern arm, and the residents of this locality continue to move out, while the water creeps closer to their houses.

Tax on Texas Corporations.

Austin, Texas, April 17.—The house took up and rushed through to passage the senate bill taxing sleeping and dining car companies 10 cents per mile of travel, life insurance companies 2 per cent tax on the gross premium receipts, and fire and fidelity companies 1 per cent annually. The bill only needs the signature of the governor to become a law.

AN ANGRY HUSBAND'S CRIME.

Kills His Divorced Wife and Her Companion—Is Under Arrest.

Watertown, N. Y., April 17.—A special from Sackett's Harbor says that a horrible crime was committed in the vicinity of that village, where the 9th United States infantry is stationed, about ten miles from this city, some time Thursday night.

During the afternoon or evening George Allen, a steward at Madison barracks, hired a horse and carriage at the livery stable in Sackett's Harbor and took two women out driving. One of his companions was a young lady of Sackett's Harbor, Miss Lilally, and the other was a divorced woman, Mrs. Crouch. At 2:30 o'clock next morning the horse came back to the livery stable, drawing the carriage, which contained the bodies of the two women.

About this time Allen came staggering into the barracks, so weak that he is expected to die. He has made an ante-mortem statement to the effect that Crouch, husband of the divorced woman, attacked the party, murdered the two women and threw him (Allen) into a creek. Crouch is under arrest.

HARTMAN IS FOUND GUILTY.

Trial of the Murderer of Mrs. Weibke Geddes at Paxton, Ill., Ends.

Paxton, Ill., April 17.—The jury in the trial of Frederick Hartman for the murder of Mrs. Weibke Geddes near Sibley, found Hartman guilty and stipulated the death penalty. December last Mrs. Geddes, the wife of a farm laborer, was found murdered in her humble home, her body suspended by the neck from a door knob terribly bruised, and evidently killed by strangulation and blows from a potato fork. The evidence against Hartman was entirely circumstantial. Hartman is believed to have killed a number of women in Illinois, Indiana, and Michigan, all of whom were found murdered in much the same manner as Mrs. Geddes.

One victim lived near Melvin Ill., and another at Danforth, Ill. Hartman is aged 40 and is a farm hand formerly from Michigan. He lived for some years at Bloomington, Ill.

Investigates Homes of Miners.

Pittsburg, Pa., April 17.—The legislative committee appointed to investigate the condition of the miners made a tour of the mining towns Friday. At Banning, directly in front of the railway station, is a shanty sixty feet in length, built across a hollow, filled with stagnant water, and supported on piles. It is divided into four compartments. It is occupied by about fifty men and three women. From four to six beds were found in each of the 16 by 20 foot compartments. The men said the mining company charged them \$2 a month rent. Frame shanties 8 by 6 feet in size are rented at \$2 a month. The men said they could earn, on an average, about 60 cents a day.

For the Senate Committees.

Washington, April 17.—The Republican committee on committees of the senate has agreed unanimously to accept, so far as it is empowered to do so, the proposition made by the Democrats for the organization of the senate committees. Accordingly a caucus will be held at 10 o'clock Monday morning. The arrangement results in leaving the Republican senators at the head of all the important senate committees, but a majority of the membership of many of them will be anti-Republican. There are indications that the committee's recommendation will not be received with favor by all the Republican senators.

Spain's Soldiers Going Home.

Washington, April 17.—According to information received from trustworthy sources here, the withdrawal of at least a part of the great army that Spain has maintained for several years in the island of Cuba will begin when the rainy season sets in, within a few days. The Spanish insist that little or nothing remains of the insurrection; that Gomez has only about fifty or a hundred followers, and that to watch these, under the conditions in which the campaign has been necessarily conducted, a few thousand men are quite as effective as the army of 160,000 men which has been maintained in Cuba.

Cuban Insurgent Leader Surrenders.

Havana, April 17.—A dispatch from Libertad, province of Pinar del Rio, says that the well-known insurgent leader, Julian Zarrag, who is charged with having blown up several trains with dynamite in Pinar del Rio, has surrendered to the Spanish authorities there, with five of his followers, all armed.

Turks Release an American.

Washington, April 17.—The United States legation at Constantinople has advised the state department that it has secured the release of Padaras, a naturalized American citizen, who has been under arrest at Mitylen since Feb. 8 on a charge of homicide.

In the Iowa Senate.

Des Moines, Iowa, April 17.—The state senate refused to place private banks under state supervision and control by a vote of 13 to 33.

Representatives Funk, Cornwall, Wood, Baker and Blynting were appointed a committee to draft a law which will prohibit the extravagances in state expenditure reported by the Funk investigating committee Wednesday.

THE FLOODS EFFECT A COUNTRY'S TRADE

STORMS, DUN & COMPANY SAY,
HAVE CUT A FIGURE.

The Impending European War and the Disasters in the South Have Had an Injurious Effect—Large Increase in Our Exports—The Failures of the Past Week.

New York, April 17.—R. G. Dun & Co.'s Weekly Review of Trade says: "An undeclared war between Greece and Turkey has been more responsible than any other single cause for the changes in business this week. The progress of the Mississippi floods does not change the price of cotton, and the settlement of the more important labor difficulties has revived the works suspended last week. The temporary decrease in exports, and the large increase in imports, at New York 20.8 per cent, for the month, caused questions about the financial future which have not much influence as yet. The increase in imports, \$9,900,000, or over 15 per cent from last year, and \$17,100,000, or 28.9 per cent, from February, if long continued, may embarrass some branches of business, but can hardly exhaust balances remaining from the unprecedented excess of merchandise exports, \$23,381,519 in nine months, ended with March.

"The market, after its decline of 6 cents last week, was prepared to rise with the prospects of European war and increased purchases for export, and has risen 4.37 cents since last Friday. Exports for the week are very small, and for two weeks but little greater than last year, while corn exports continue over three times those of last year, and for two weeks 6,032,015 bushels, against 1,963,193 bushels last year, the price advancing less than 1 cent. Western receipts of wheat are larger for the week, and for two weeks as large as last year, and the government reports indicate a considerably larger yield than that of 1896, which has sufficed to meet an extraordinary demand. Cotton has scarcely changed during the week of unprecedented floods, though this year's crop will be materially diminished unless the water soon subsides. But there are numerous indications that in other parts of the south a large acreage is being planted.

"Woolen mills are doing a little more, though much machinery is idle, and there is scarcely any buying. Speculation in wool turns largely to foreign, and imports of 45,114 bales the last week and 15,246 the previous week at Boston alone have not prevented higher quotations for the better grades of domestic. Sales at the three chief markets were 9,600,000 pounds. "Failures for the week have been 207 in the United States, against 222 last year, and 30 in Canada, against 36 last year."

Raise Price of Glass.

Anderson, Ind., April 17.—Officers of the Indiana Window Glass manufacturers and the Western, controlling half of the window glass trust, have issued a call for a special meeting at Muncie, Wednesday. The purpose of this meeting is to raise the price of glass. The raise is the result of the new tariff schedule. It will be about 10 per cent. The eastern association will concur in the action. Orders were issued to book no further orders for May delivery.

Mine Explosion in Kentucky.

Frankfort, Ky., April 17.—State Mine Inspector Stone received a telegram at 8 o'clock last night announcing a serious coal explosion at the Monarch coal mines, near Madisonville, in Madison county, at 4 o'clock this afternoon. The telegram contains no details as to loss of life or property.

Street Car Men Indicted.

Indianapolis, Ind., April 17.—The strife caused by the new law fixing the price of street car fares at 3 cents resulted Friday in an indictment against President Mason and Superintendent Elliott and a surrender on the part of the company pending legal disposition of the matter.

Locomotive Boiler Blows Up.

Springfield, Ill., April 17.—At 4:10 o'clock Friday afternoon, as the Big Four local freight was pulling out of Osborn, the boiler exploded. Engineer Bailey and Fireman Fahey were blown several hundred feet from the engine and probably fatally hurt. A brakeman named Johnson was also fatally injured.

Millions Are Unaccounted For.

New Bedford, Mass., April 17.—At a meeting of the creditors of the Bennett and Columbia Mill corporations it was discovered that \$2,500,000 in notes of the two concerns had been issued of which no account has appeared in the returns submitted to the state by the corporations. Both corporations have been placed in the hands of receivers.

British Ships at Durban.

Durban, Natal, April 17.—The British cruiser Raccoon, which left Cape Town Feb. 12 under sealed orders, arrived here unexpectedly during the night with six other British warships. Two more war vessels of the British fleet are expected here. The object of this naval demonstration is not known here.

PEOPLE TURN OUT TO FIGHT FLOODS

BRAVE ATTEMPT TO KEEP
LEVEES INTACT.

The Entire Population of the Parishes Are at Work on These Safeguards—New and Grave Crisis is at Hand—Where Help is Needed in the Yazoo District.

Memphis, Tenn., April 17.—The flood crisis is at hand, and new perils confront dwellers along the lower Mississippi.

Advices from Natchez and other points below Vicksburg indicate a very grave situation. The swift current, which is rising steadily, is beating against the levees with such force as to cause acute apprehension at many places. At Natchez the river is near the top of the levee, and everything possible is being done to fight back the encroaching waters.

All kinds of rumors have been current regarding the loss of life on Davis Island, but diligent telegraphic inquiry fails to confirm the story. It is known that three negroes were drowned on the island, but outside of these fatalities no further loss of life is known to have occurred.

At Vicksburg the river is rising at the rate of four-tenths of a foot daily. The volume of water pouring out of the Yazoo into the Mississippi at a point twelve miles north of Vicksburg will continue for several days. The levees between Bedford Store, four miles south of Delta, La., to Duckport, six miles above, are in a precarious condition tonight, and every man and boy available is at work strengthening the embankments. At some points in this stretch of levee the water is washing over and the greatest alarm is felt. Rosedale, Friar's Point, Helena and other places, however, report an encouraging improvement in the situation. The river has declined one-tenth of a foot at Greenville, and the fall of two-tenths of a foot reported at Cairo gives renewed hope that the vast amount of water will recede in time to make a good crop.

BIG LEVEE GONE.

Disastrous Results Expected from a Recent Break.

Vicksburg, Miss., April 17.—The levee at Biggs, two and a half miles below Delta, La., broke at 10 o'clock last night. The crevasse was 120 feet wide twenty minutes after it gave way. Delta is directly opposite Vicksburg. The disaster is a great one. At towns below Old Delta the condition is most serious and alarming, the water being up to the top. Above Delta, at Willow slough and at Maxwell's front, the situation is such as to cause the greatest uneasiness. Some of the best informed people in this section now despair of holding the Louisiana line more than forty-eight hours longer, as they state that many points cannot stand fifty-three feet, which seems now certain.

There is a strip of swamp about two miles wide immediately behind the Biggs levee, but beyond that the back water will run over cotton lands. It appears impossible to find any one here at this hour who knows anything of the topography of the country, which may be overflowed by this crevasse, but the general impression is that its effects will be extremely disastrous.

Where Help is Needed.

Washington, April 17.—Secretary Alger has received a telegram from one of his inspecting officers at Cairo, who has been working in the Yazoo district. In part it says: "Thirty to forty days is the estimated period of time before laborers can go to work in the inundated area, but as this period will vary with the locality, the inspector recommends that no supplies be sent for a longer period than ten days. After ten days, if the flood does not to some extent subside, the destitution will reach its maximum. If, however, it becomes evident that a crop this year cannot be made, the destitution and suffering will increase and eventually extend to perhaps one-half of the entire population of the inundated country. If the flood subsides by the middle of May, as now seems likely, the destitution will be by that time relieved. It will require a fall of about six feet in the river before the banks will be clean and the inundated territory will drain out and planting can begin."

Fears for a Steamer.

Benton Harbor, Mich., April 17.—Great anxiety is felt here for the safety of the steamer Frank Woods of the Graham & Morton line, and her crew of twelve men. The steamer left Milwaukee at 8 o'clock Thursday night for this port, with a full cargo of freight, and has not been heard from since. It was the Wood's first trip since her overhauling for the season's business, and it is feared that she has suffered a break in her machinery, which has rendered her helpless. If such is her condition in a sea such as was running Friday it would be serious in the extreme.

The Powers Are Defied.

Rome, April 17.—Admiral Canevaro has, according to the Italian press, received notice from the United States, notifying him that the Washington government does not recognize the blockade at Crete.

PLAN TO ARREST SPALDING. ARE LIKELY TO END

University Alumni Act—The Charge Is Embezzlement.

Chicago, April 17.—Believing that Charles Warren Spalding, president of the Globe Savings Bank, and late treasurer of the University of Illinois, is about to leave the city, a number of the graduates of the Champaign school have taken matters into their own hands, and assert that they will secure his arrest and punishment.

These men, all of whom are members of the Chicago Club of the University of Illinois, are disposed to criticize severely the dilatory action of the trustees in failing to cause the arrest of Mr. Spalding before he has had an opportunity to get beyond the jurisdiction of this state. It was decided that a complaint for the arrest of Charles W. Spalding on the charge of embezzlement should be made and a judge of the circuit court asked to issue a warrant. The warrant could not be procured yesterday, but it is expected action will be taken to-day.

ACCIDENT ON EAD'S BRIDGE.

Wabash Train Is Derailed—Saved by Engineer's Presence of Mind.

St. Louis, Mo., April 17.—A train load of people narrowly escaped being precipitated into the Mississippi river from the east approach to the Eads bridge, East St. Louis, at 7:30 o'clock Friday morning. The early train on the Wabash railroad from Chicago, with seven coaches, was going across the bridge, when suddenly the engine jumped from the rails. The cars rocked to and fro, causing a panic among the passengers, who thought the train would go over into the water below. After a short time quiet was restored and the passengers were allowed to alight.

The accident was due to a misplaced switch. But for the engineer's presence of mind in reversing his lever the engine might have plunged into the river, carrying the coaches with it.

Fraternal Insurance Law Stands.

Lansing, Mich., April 17.—The Bates bill, which provided that it should be unlawful for fraternal insurance societies to incorporate in their contracts of membership any provision which should prohibit beneficiaries from resorting to the courts to secure the allowance of death claims, was killed by the lower house of the Michigan legislature Friday. Representative Chamberlain to-day introduced a concurrent resolution providing for the final adjournment of the legislature on May 31. It was laid over until next Monday under the rules.

Murder Mystery Made Clear.

Bismarck, N. D., April 17.—The mystery as to the identity of the perpetrators of the butchery of the Spicer family at Winona has been partially cleared up. Alex Coddot, the French half-breed, under arrest, has made a confession, in which he implicates Black Hawk, the negro half-breed, who is also under arrest as a suspect. The officers have secured other important evidence, but are keeping it from the public, except to admit that others besides these two are concerned in the crime. Feeling in Emmons county is at fever heat.

Will Amend Wool Schedules.

Washington, April 17.—Western senators after several conferences have reached an agreement to stand together for important changes in the wool schedule of the Dingley bill. The senators most prominently identified with the movement are Messrs. Mantle, Carter, Shoup, Warren and Burrows. They have not only agreed upon a line of amendments, but have decided to insist on their inclusion in the bill. The meetings held have also been attended by many prominent wool growers.

To Keep Up Campaign.

Grand Rapids, Mich., April 17.—The gold Democratic state central committee decided to keep up its organization and work. Clerks will continue in charge of headquarters to superintend the organization of the counties and to distribute the literature. Reports were received showing the total vote cast in the recent election to be 25,000, with fifteen counties yet to hear from.

Will Retain Women Students.

Des Moines, Iowa, April 17.—The trustees of Drake university have unanimously decided to reverse the order of the medical faculty excluding women as students because the women had been subjected to insults which could not well be avoided. The trustees say no such actions will occur in the future, and that the male students guilty of indecent actions will be promptly expelled.

To Admit 179 Chinese.

Washington, April 17.—Secretary Gage has instructed the customs officers at Pembina, N. D., to admit the 179 Chinese who are en route from China to the Nashville exposition. This action is taken on the statement of the director-general that their admission is necessary, under concessions made to exhibitors and others.

Representative Holman Is Improving.

Washington, April 17.—The condition of Representative Holman, of Indiana, is encouraging, and two physicians in attendance say he is making satisfactory progress toward recovery.

ARE LIKELY TO END TWO RIVERS STRIKE

STATE BOARD OF ARBITRATION
CALLED ON.

It is Believed That the Difficulty Will Be Patched Up Before Night—Men Want a Cash Pay-day, and the Old Wage Scale Restored.

Two Rivers, Wis., April 17.—[Special]—The State Board of Arbitration which is here to settle the strike of the Two Rivers Manufacturing company employes had several conferences this morning and it is believed that an amicable settlement will be reached before night. Six hundred men are out. They ask for a cash pay day and the restoration of the old scale of wages.

THE HUMPHREY BILL PASSED.

Illinois Senate Takes Action on Important Measures.

Springfield, Ill., April 17.—The Humphrey bills came up for third reading in the senate Friday and were passed. Each of the bills was passed by a vote of 29 to 16. Motions to reconsider the vote were tabled.

The senate disposed of some important routine business before taking up the Humphrey street railway bills on third reading. Then senate bill 253, which extends existing franchises fifty years and provides a tax on the gross earnings, was read.

Upon canvassing the senate the president called attention to the rule that explanations of votes could be made only by unanimous consent. This had the effect of causing all speeches to be made before the roll-call began.

Look for State Funds.

Springfield, Ill., April 17.—In the house Speaker Curtis announced the following special committee to investigate the state institutions: Anderson, chairman; Allen of Vermilion, Sherman, Cochran, Booth, Comton, Barwicklow, and Blood. This committee was appointed under a resolution adopted last week. It is empowered to fully investigate the management of all state institutions and to make such further inquiry as will determine the causes of the present treasury deficit.

American Vessels Warned Off.

Tacoma, Wash., April 17.—W. M. Lazier, one of the owners of the American steamer Edith, which fished off the north Pacific halibut banks during the winter, says the officers of the Canadian revenue cutter Quadra warned the vessel not to fish off the coast or British Columbia under penalty of seizure, although she was several miles beyond the three mile limit. Lazier says the other American fishing vessels have also been warned.

To Arrest Cuban Leaders.

Philadelphia, April 17.—A matter which will involve the interstate-commerce laws, the question of belligerency, and the customs comity of nations, is likely to arrive before long. Cuban sympathizers claim that the visit of Maj. Sandoval in this country is to bring about the arrest of Gen. Estrada Palma and Gen. Quesada. Should this happen, a court would have to decide the many complicated questions arising therefrom.

Equal Suffragists in Convention.

Bloomington, Ill., April 17.—A mass convention under the joint auspices of the National American Women Suffrage Association of the Illinois Equal Suffrage Association opened in this city Friday and will end with a mass meeting Saturday night. A large number of prominent women suffragists are present. Methods of work best suited to hasten the establishment of woman suffrage in Illinois will be considered.

Kansas Bank Cashier Surrenders.

Kansas City, Mo., April 17.—George A. Taylor, the former cashier of the defunct Argentine bank, who mysteriously disappeared a month ago, returned home Thursday and voluntarily submitted to arrest on a warrant charging him with illegal banking. The bank failed last summer and caught many working people.

Funeral of Mrs. Tilton.

New York, April 17.—Mrs. Theodore N. Tilton was buried in Greenwood cemetery Friday. Only two coaches followed the hearse to Greenwood. They contained Mrs. Tilton's four children, Malachi Taylor and three of Mrs. Tilton's most intimate friends.

Safelowers Secure Big Sum.

Eldorado, Kas., April 17.—Crackmen blew open a safe at Latham Thursday night and secured a large amount of money. A reward of \$500 has been offered for the capture of the robbers and the recovery of the money. The exact amount secured is not given.

Contracts for Omaha's Exposition.

Omaha, Neb., April 17.—Contracts have been awarded for the removal of 80,000 cubic yards of dirt on the site of the Trans-Mississippi exposition. The excavation will be for lakes and lagoons. The work will be commenced at once.

THE OVERFLOW OF LOCAL NEWS.

THE LEAF MEN STILL ACTIVE.

Good Roads Have Set the Buyers on the Go Again.

Local market conditions have improved somewhat over those of the past few weeks, owing largely to the better conditions of the roads, making riding on the part of the buyers more agreeable says the Janesville Leaf. A half a dozen or more dealers are riding from this city and are earnestly endeavoring to pick up all crops remaining in the hands of the farmers.

Among the larger transactions reported by the dealers are: 260 cases sold by Rudolph, Haviland & Son; 110 cases of '94 bought in Madison and 50 cases bought in Evansville by George H. Rumrill and 120 cases sold by the same party. J. L. & M. F. Green sold 145 cases of '93. Several transactions of a smaller size have been made.

The assorting season is closing this week with several of our packers and the warehouses are filled to the ridge pole.

The mild weather of the past few days has dried out the soil and several farmers have sown their tobacco and others are preparing for seed sowing and all will soon have finished.

Condition at Edgerton.

The Edgerton Reporter says that business in the local markets of the state is slowly dwindling to a point where it must soon cease so far as transactions from first hands are concerned. There has been no time in the past ten years when there was so little tobacco remaining unsold in the hands of the growers as now. Scattering lots are being hunted out and an occasional sale comes to our notice. Those reaching us are:

H. H. Davis, 8 acres '96 at 74c.
H. C. Hopperman, 7 acres '96 at 54 and 1c.
H. H. Hanson, 3 acres '96 at 64c.
C. Nelson, 7 acres '96 at 44 and 1c.
George Sprecher, 4 acres '96 at 7c.
A. Hulsther, 38 cases '96 at 7c.
J. Slim, 30 cases '96 at 7c.
H. O. Severson, 25 cases '96 at 64 and 3c.
Peter Hanson, 37 cases '94, p. l.
A. S. Fiehr has bought 144 cases '94 and '95 of Freeman Atwood.

Business among the packer has been slackening off some of late. Several of the warehouses have closed down during the week, leaving but three or four still in operation in this market.

The farmers are putting out seed beds for another crop as warmer weather has now come.

The shipments from this station for the week reach a total of 500 cases to all points. Exports of cigar leaf from New York since last report were 1,950 cases.

BELOIT GIVEN THE DECISION.

An Extemporaneous Debate With Knox College at Galesburg, Ill.

There was held at Galesburg an extemporaneous debate between Western colleges. The rivals were Knox and Beloit colleges. Knox was represented by Preston W. Thompson, Fred McFarland and Allen C. Reardon, and Beloit by N. H. Welch, Alex. E. Cutler and Joseph J. W. Jordan. Dr. N. C. Dougherty of Peoria presided. The question was the "Annexation of Cuba." Knox having the affirmative and Beloit the negative. The judges were Edward A. Harriman, W. D. Washburn and W. H. Mathews of Chicago. Each speaker was supplied with maps, charts and books of reference. The judges gave first place to Beloit.

Dried Fruits.

Most everybody is fond of good dried fruits. We are making a special run on a fine stock of dried fruits at present, as our large space on page 8 tonight verifies. Every article named is a bargain, and just as represented. If you want some choice fruit, don't fail to look the list over. Sanborn.

COMMON SENSE CURE.

Pyramid Pile Cure Cures Piles Permanently by Curing the Cause.

Remarkable Remedy Which Is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It attacks the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received: Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectively cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

GOSSIP FOR THE WHEELMEN.

FRANK SANNER will ride a Stearns.

JOHN M. NELSON now owns a Monarch.

HARRY MEGGOTT now rides a Yellow Thistle.

On March 16, April 6 and 20, the Northwestern line will sell Home Seeker's excursion tickets, with favorable time limits to numerous points in the West and South at exceptionally low rates. For tickets and full information apply to agents Chicago & Northwestern Railway.

GEORGE LYMAN A GOOD MAN.

He Was An Affectionate Husband and a Kind Father.

George S. Lyman, who recently left in three city, was born in Jamaica, Doug Island, Feb. 25, 1834. When he was three years old his father died and the mother came to friends in the west with her infant son. His early life was spent in Rockford, Ill., and Milwaukee. He was the only son of his mother and she was a widow and tenderly did he fulfill all the duties that such a relationship implies.

He was married May 4, 1854, to Naomi Mitchell. To this union five children were given, two of whom have preceded him to the land of rest. Fifteen years ago the wife and youngest son were taken at the same time. Jan. 30, 1884, he was united in marriage to Mrs. Minerva Andrews who survives him. One son was given to them.

Mr. Lyman's early married life was spent in Monroe and Decatur. In 1875 he with his family came to the present home where he lived until his death.

His home relations all through his life were more than usually happy. He was an affectionate husband, a kind and loving father, both to his own children and two stepsons to whom he was the only father they ever knew.

THE PROGRAM FOR TONIGHT

TELEPHONE concert at the Hotel Majors.

CHICKEN pie supper at All Son's church.

For Sunday Afternoon.

CHURCH services.

RAILWAY Trainmen.

RAILWAY Conductors.

LOCOMOTIVE Engineers.

YOUNG Ladies' Sodality of St. Mary's church.

MARRIED Ladies' Sodality of St. Mary's church.

South Dakota in Springtime

Is clothed with verdure green and spotted with beautiful blue and white prairie flowers, tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota outvalues its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States.

And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address Geo. H. Heafford, G. P. A., Chicago, Ill.

FOR RENT.

FOR RENT—Seven-room house on Cornelia 2d ward. Enquire at 158 Cornelia St. In good repair, nicely located.

FOR RENT—Seven room house, city water, corner Academy and Holmes street. Enquire at 152 Cherry street.

FOR SALE.

FOR SALE OR EXCHANGE—Blickensderfer type-writer. Writes 24 characters. Cost \$35; small machine to be used on common desk; weighs six pounds; used by Western Union telegraph company as standard machine for operators. Owner has no further use for it, and will sell cheap or trade. Address "Typewriter", this office, or call.

FOR SALE—Cheap—Elegant surrey, good as new. D. W. Watt.

CHOICE poultry gives big profits. I have eggs of five choice strains, cheap. O. C. Alworth, 111 Milton avenue.

FOR SALE—Look at this! One of the finest modern style homes in the city. Furnace, hot and cold water, gas, water for bath rooms; in fact, complete in every respect, and offered at \$500 less than actual cost, if taken soon. D. Conger.

FOR SALE—Several new modern style homes, from \$1,800 to \$2,500, on easy terms. Now is your time to buy before the spring rush. D. Conger.

FOR SALE—New Royal sewing machine a half price. Call at 29 South Main St. J. P. Thompson, with Walter Helms.

FOR SALE—Two boilers suitable for factory work. Inquire at this office.

MONEY TO LOAN—Whitehead, Matheson & Smith.

WANTED.

WANTED—German girl, competent for general housework. Mrs. J. D. Rexford, 201 Court street, west door.

If you have any odd jobs of work to be done by telephone or drop us a postal and we will send a good man. Valentine Bros.

SENT FREE!

To any person interested in humane matters, or who loves animals we will send free, upon application, a copy of the "Alliance," the organ of this society. In addition to its intensely interesting reading it contains a list of the valuable and unusual premiums given by the paper.

Address THE NATIONAL HUMANE ALLIANCE, 410-411 United Charities Building, New York.

CATARRH

is a LOCAL DISEASE and is the result of colds and sudden climatic changes.

For your Protection we positively state that this remedy does not contain mercury or any other injurious drug.

It is acknowledged to be the most thorough cure for Nasal Catarrh, Cold in Head and Hay Fever of all remedies. It opens and cleanses the nasal passages, allays pain and inflammation, heals and protects the membrane, restores the senses of taste and smell, 50c at Druggists or by mail, samples 10c, by mail.

ELY BROTHERS, 56 Warren Street, New York.

ELY'S CREAM BALM

Spring Humors

During the colder season impure humors accumulate in the blood.

The surface of the body being chilled, the pores are closed and clogged, and impurities which might pass off in perspiration are forced back into the blood. Besides this, winter's hearty food, fats and sweets, contribute more impurities.

This briefly explains the existence of Spring Humors—those unsightly eruptions, painful boils, annoying pimples and other affections, which make the use of Hood's Sarsaparilla absolutely necessary at this season.

But with some people, impurities in the blood cause very different symptoms. The kidneys, liver and bowels are overmatched in their efforts to relieve the clogged system. Dizzy headaches, bilious attacks, failure of appetite, coated tongue, lame back, indigestion or that tired feeling are some of the results.

From the same cause may also come scrofula, neuralgia sciatica or rheumatism.

All these troubles and more may properly be called "Spring Humors," and just as there is one cause, a cure is found in just one remedy, and that is Hood's Sarsaparilla.

Hood's Sarsaparilla purifies the impure blood.

Hood's Sarsaparilla enriches that which is weak and thin.

Hood's Sarsaparilla vitalizes that which lacks vitality.

Hood's Sarsaparilla leads in Merit, Sales and Cures.

For your Spring Medicine—to prevent or cure Spring Humors, and build up your health, take

Hood's Sarsaparilla

Sold by all druggists. \$1, six for \$5. Prepared only by C. I. Hood & Co., Lowell, Mass. The One True Blood Purifier.

THIS DAY IN HISTORY.

1492—Ferdinand and Isabella signed the agreement with Columbus.

1790—Dr. Benjamin Franklin died; born 1706.

1806—William Gilmore Simms, author of southern historical romance, born in Charleston; died there 1870.

1871—Hon. Thomas F. Marshall of Kentucky died at Louisville.

1891—General Charles Smith Hamilton, a noted Federal general, died in Milwaukee; born 1821.

1893—The city of Zante and many villages on the island destroyed by an earthquake.

1894—The famous Brazilian insurgent warship Aquidaban sunk by a government torpedo boat. Henry S. Ives, the "rapid" financier, died at Asheville, N. C.

1895—Treaty of peace signed by China and Japan.

1896—James Rich Steers, one of the builders of the racing yacht America in 1850, died in New York city.

It is significant of the educational tendencies of the age that the largest insurance policy ever written—\$1,000,000 on the life of Mrs. Stanford—is payable to the Leland Stanford, Jr., university of California. If Mrs. Stanford lives ten years and pays her annual premium of \$170,000 on this policy, the university will receive \$2,000,000 at her death.

Germany has shut out our pork and our beef and driven our insurance companies from German territory, and still has the "gall" to protest against the protection of our own products by the Dingley bill.

President McKinley's policy of re-instating old soldiers, who were dismissed for no other cause than to make room for democrats under the Cleveland administration, is highly commendable.

Altgeld's business methods were as bad as his political methods, for his connection with the "busted" Globe Savings bank has not been misrepresented.

Henry W. Reed, Tom Watson's chum and the Georgia member of the Populist national committee, has declared for the gold standard.

The split in the democratic minority in the house looks like encouraging the people to return the democrats to power, now doesn't it?

The opponents of the Dingley tariff bill have shown their weakness by resorting to lying, with the hope of injuring the bill.

Jerry Simpson's new bid for notoriety was about as sensible as his old ones, but not as successful as his first.

Reasons Why

You should patronize us.

Because we are the only thoroughly posted laundrymen in the city.

Because we do the best work.

Because we obtain polish without excessive pressure.

Because we now charge 13 cents for new work on shirts that is done to perfection.

Because others cannot possibly imitate our excellence. Respectively, Janesville Steam Laundry.

Says Rebels Are Surrendering.

Madrid, April 17.—Captain General Polavieja, prior to leaving Manila, sent a dispatch to the government, saying the rebellion is nearly quelled; that only 6,000 insurgents, partly armed, are in the field; that 24,000 insurgents have already submitted to the Spanish authorities, and that 20,000 insurgents are upon the point of yielding up their arms.

Mrs. S. M. Hanna Dead.

Cleveland, O., April 17.—A telegram was received Friday by the Leader from Asheville, N. C., stating that Mrs. S. M. Hanna, the mother of Senator Hanna, had died at that place from pneumonia. Mrs. Hanna had been sick about a week and was 84 years old. Her remains will be brought to Cleveland for interment.

Rolling Mills for Mexico.

Chihuahua, Mex., April 17.—Charles Headen, representing a syndicate of English capitalists, is here arranging the details for a concession for the establishment of an immense iron foundry and rolling mills.

Warship to Pass Dardanelles.

Washington, April 17.—It is possible that the Bancroft, now on her way to Alexandria, Egypt, may be sent to Constantinople as the guardship of the American legation.

Jersey Filenakers on Strike.

Paterson, N. J., April 17.—Having been denied an increase of wages, 500 employees of the Kearney & Foote file works struck Friday.

Two Boys Commit Suicide.

Fayetteville, Ark., April 17.—Two sons of a Mr. Hesson, living near Greerland, aged 9 and 15 years, committed suicide. The boys were angry because they were left at home

DR. HUNTER INDICTED

Kentucky Man Is Charged With Trying to Bribe Legislators to Vote for Him.

Frankfort, Ky., April 17.—Dr. Hunter, the republican caucus candidate for the United States senate, was indicted today by the grand jury on the charge of attempting to bribe the members of the legislature in his behalf.

FASHIONS and fabrics are in very happy combination this season. To prove this to your own satisfaction call for the May Butterick Fashion sheet at Bort, Bailey & Co.'s, and study the designs shown therein with a view of adapting some of them to something pretty to be found in the dress goods department. Nice fabrics this season, elegant designs, too, and lots of them

W. F. HAYES, the eye expert, will be in Chicago Monday, Tuesday and Wednesday of next week, with several difficult eye cases, which have been referred to him by physicians under whose charge they have been. Any mail addressed to Mr. Hayes, care of Dr. H. M. Martin 1010 Columbus Memorial Building, will reach him should you wish to consult him during his absence

THE revivals of old forms in dress which frequently occur, are particularly interesting, and admit of the most liberal treatment in the use of the many beautiful creations in fabrics and trimmings which are designed to meet them, and which may always be found at Bort, Bailey & Co.'s, whose stock of Butterick patterns affords a large variety of selections in the way of make-up and garniture for the season's modes. The May sheet is now ready.

Woman's Nerves.

Mrs. Platt Talks About Hysteria.

When a nerve or a set of nerves supplying any organ in the body with its due nutriment grows weak, that organ languishes.

When the nerves become exhausted and die, so to speak, the organ falls into decay. What is to be done? The answer is, do not allow the weakness to progress; stop the deteriorating process at once!

Do you experience fits of depression, alternating with restlessness? Are your spirits easily affected, so that one moment you laugh and the next fall into convulsive weeping?

Again, do you feel something like a ball rising in your throat and threatening to choke you, all the senses perverted, morbidly sensitive to light and sound, pain in ovary, and pain especially between the shoulders, sometimes loss of voice and nervous dyspepsia? If so, you are hysterical, your uterine nerves are at fault. You must do something to restore their tone.

Nothing is better for the purpose than Lydia E. Pinkham's Vegetable Compound; it will work a cure. If you do not understand your symptoms, write to Mrs. Pinkham, Lynn, Mass., and she will give you honest, expert advice, free of charge.

Mrs. LEVI F. PLATT, Womleysburg, Pa., had a terrible experience with the illness we have just described. Here is her own description of her sufferings:

"I thought I could not be so benefited by anything and keep it to myself. I had hysteria (caused by womb trouble) in its worst form. I was awfully nervous, low-spirited and melancholy, and everything imaginable.

"The moment I was alone I would cry from hour to hour; I did not care whether I lived or died. I told my husband I believed Lydia E. Pinkham's Vegetable Compound would do me good. I took it and am now well and strong, and getting stouter. I have more color in my face than I have had for a year and a half. Please accept my thanks. I hope all who read this and who suffer from nervousness of this kind will do as I have done and be cured."

MARKED ADVANCE IN OPTICAL SCIENCE

POSITIVE test for

corneal curves—an instrument of great value for the determining of refractive error of the eyes. The Ophthalmometer is of late invention and has been added to the already complete optical outfit of W. F. Hayes, the eye expert at F. C. Cook & Co.'s. The instrument is of the very finest mechanical order, and is therefore expensive, but expense is not considered by Mr. Hayes in securing appliances for the better examination of the eye in all its

ing that time has fitted nearly 9,000 cases to glasses. He employs the best devices known for testing the eye and determining the existence of any refractive error, muscular weakness or diseased condition of the eye. Among the instruments he is familiar with is the Ophthalmoscope, Retinoscope, Prism-Bar, Prentice Rules, Trial Cases, and the most important of all, the Ophthalmometer. The possession of and the knowledge of the use of these appliances places Mr. Hayes second to no one in the correction of all refractive errors and muscular weaknesses.

A Few of the Hundredsof Testimonials in Mr. Hayes' Possession.

I take pleasure in recommending W. F. Hayes as a thorough and competent optician. He examined my eyes, and I am wearing glasses fitted by him. They are perfect in every way.

JOHN R. BENNETT.

Mayor Elect John Thoroughgood Says:

W. F. Hayes, the eye expert at F. C. Cook & Co.'s, fitted myself, wife and daughters with glasses; we are more than pleased, they are satisfactory in every way and I take pleasure in recommending him as being thoroughly competent.

Register of Deeds O. D. Rowe is Pleased.

I have been fitted several times to glasses but none have suited me as well as those I bought of W. F. Hayes, the eye expert. My wife was troubled with her eyes until he examined and fitted her to glasses and she is greatly pleased with results. I recommend him to people with eye troubles.

District Attorney W. A. Jackson

Recommends W. F. Hayes. He says: My eyes were fitted to glasses by Mr. Hayes perfectly, having worn glasses the greater share of my life I most cheerfully recommend his work.

Sheriff Acheson Talks About Glasses.

A testimonial from a man as conservative as Theodore L. Acheson, Sheriff of Rock county, is of value not only to the man who receives it, but may be of great value to the public. Sheriff Acheson says of the glasses fitted to him a short time ago by W. F. Hayes, the expert optician at F. C. Cook & Co.'s. "The glasses fitted to my eyes by Mr. Hayes, are the most satisfactory of any I have yet worn. I am able to use my eyes more than has been my custom for some time—and yet I suffer no inconvenience.

Rev. J. C. Koerner.

Pastor of St. Paul's church says: Mr. W. F. Hayes, the expert optician, examined my eyes and fitted glasses to them. He understands his business and I have no hesitation in recommending him as a thorough and reliable optician.

Rev. J. C. Koerner.

R. W. Edden, M. D. Praises W. F. Hayes.

I have been greatly troubled in reading with my eyes, but since W. F. Hayes fitted me to glasses, the weakness has been entirely corrected and I recommend him as a thoroughly competent man.

J. B. Whiting Jr. M. D. Satisfied.

For some time my eyes caused me an uneasiness. I consulted W. F. Hayes, the eye expert, who made an examination and fitted me to glasses in a most satisfactory manner.

What Dr. Rockwell of Johnston Says:

W. F. Hayes fitted myself and wife to glasses and they have proven eminently satisfactory

a sack. After the first 500 sacks are sold the watch will be given away. Be sure and ask for your ticket with every sack.

F. S. WINSLOW,
La Vista Grocery.

THE OPHTHALMOMETER.

conditions. Three complete courses in optical opthalmic work have been completed by Mr. Hayes, and he has diplomas from each. One under Dr. W. S. Fowler of Chicago, another with Dr. Julius King of New York city, and a third at the Chicago Ophthalmic College under Dr. H. M. Martin. He makes frequent trips to the city to pursue the opthalmic work and keep in touch with new ideas. Mr. Hayes has had twelve years of experience in refractive work, and dur-

ing that time has fitted nearly 9,000 cases to glasses. He employs the best devices known for testing the eye and determining the existence of any refractive error, muscular weakness or diseased condition of the eye. Among the instruments he is familiar with is the Ophthalmoscope, Retinoscope, Prism-Bar, Prentice Rules, Trial Cases, and the most important of all, the Ophthalmometer. The possession of and the knowledge of the use of these appliances places Mr. Hayes second to no one in the correction of all refractive errors and muscular weaknesses.

A Few Lines From M. Montgomery, M. D. Clinton, Wis.

Mr. Hayes examined my eyes and corrected the trouble with glasses. I am pleased with his methods and recommend him.

R. B. Anderson M. D. Orfordville. Sends Cases.

I believe W. F. Hayes, the eye expert to be a thoroughly competent optician. I have sent a number of cases to him and they are all well pleased with his work.

Prof. J. C. Zinck of Edgerton Says:

I have had a great deal of trouble with my eyes and it seemed almost impossible for me to get a pair of glasses I could wear. I finally went to W. F. Hayes, the eye expert. He fitted the glasses I am now wearing and I have had no trouble since. Mr. Hayes is perfect in his profession and I would advise any one with weak eyes to consult him, as he can and will relieve you wonderfully.

Prof. J. C. Zinck.

Could Not See to Sew.

Mrs. A. B. McClafferty, a dressmaker of Milton Junction, was recently fitted to glasses by W. F. Hayes, the expert optician at F. C. Cook & Co.'s store, and said: "Until I was fitted by Mr. Hayes to glasses I could not find a dress that I could even see to sew on my own dresses

Cases.

The following physicians of Janesville recommend W. F. Hayes the eye expert as a thorough and competent optician.

JANESVILLE, WISCONSIN.

A FLAG IS RAISED BY THE VETERANS

PATRIOTIC EXERCISES AT DR. JAMES MILLS' HOME.

W. H. Sargent Post G. A. R. Was In Charge, and the Light Infantry Attended as a Company—The Banner Was Unfurled in Honor of the Heroes Dead.

JANESVILLE VETERANS ran a handsome flag to the top of a sixty-foot staff at the home of Dr. James Mills this afternoon, and patriotic exercises marked the raising. W. H. Sargent Post, in charge of Commander C. D. Child, and the Janesville Light Infantry in command of Capt. C. H. Hanson, were present and assisted in the ceremonies. The program was as follows:

Music.....Drum Corps Song, "Rally Round the Flag".....Audience Led by Col. E. O. Kimberley.
Prayer.....Comrade Rev. H. W. Thompson Remarks.....Rev. H. W. Thompson Reading, "Flower of Liberty".....Mrs. Ida Lutz Address.....Comrade Rev. H. W. Thompson Flag Raising.....W. H. Sargent Post Song....."Long Wave Old Glory" Col. E. O. Kimberley.
Address.....Comrade J. B. Whitting Song, "America".....Audience Led by Col. E. O. Kimberley.

Wallace Mills, the eight year old son of Dr. and Mrs. Mills, unfurled the flag. The celebration was in honor of Peter Mills, a brother of Dr. Mills, who was killed at Fort Henry, and James Peacock, an uncle of the doctor, who was killed at Gainesville, Ga.

The Light Infantry and the G. A. R. met at Post hall at 2 o'clock, and marched to Dr. Mills' residence, preceded by drum corps.

After the exercises, luncheon was served.

Dr. Mills' Address.

Dr. Mills spoke after the divine blessing had been invoked. He said: "Ladies and Gentlemen:—I am pleased to see so many people in attendance this afternoon in answer to the invitation extended by Post No. 20, Grand Army of the Republic. Personally it affords me great satisfaction and I am delighted to extend to you a cordial welcome. By your presence on this occasion you enter into the spirit of true American patriotism and show your willingness to respect and honor our veteran soldiers and the stars and stripes, which they so gallantly defended.

Veterans Worthy of Gratitude.

"These soldiers, who over thirty-five years ago left their homes and all that were dear to them to save our land, are worthy of more gratitude and higher esteem than what we can render to them. Many of the boys that went out to battle with only the benediction of a mother's loving hand resting on them, came back to that mother's arms in glory. Many returned having left a limb in the battles of the wilderness, and on the other hallowed spots in the South. Many still bear the marks of that strife, in which they thundered down the defiance of the skies against the enemies of our liberty. But many came not back. They fell by the wayside, on the bloody field, or in the hateful prison, and have crossed over to join the ranks of that great army which encircle the throne of the ever-living God. But their memory is held in sacred keeping; it is imperishable, and as beautiful as a crown of gold. As they sleep in peaceful rest, their deeds will shine like stars of heaven.

In Honor of Heroes.

"To the W. H. Sargent Post No. 20, to the other soldiers and to the Ladies' Relief Corps, I extend a kind and most heartfelt greeting. My ardent and sincere love for the soldiers of the Civil war, prompts me to assign to you at this time a special mark of distinction, and I knew of no better way to show it than to invite you to come forward and raise this flag to the place appointed for it, where it will float in the free air above us. As you elevate this emblem of the nation's greatness and glory, remember that today it is done in celebration of the achievements of the G. A. R. and of which you living form a part, and as a memorial of my brother Peter Mills, and of my uncle James Peacock, both of whom sacrificed their lives in serving our beloved country, for which you fought so bravely and successfully.

"We cannot decorate their graves on Memorial Day with flowers, for they are buried among the unknown dead in unmarked ground, but we can find to the breeze and to the greeting of the sunlight on that day this banner of red, white and blue, the same as that whose ample folds waved in their sight on the tented ground and the field of angry strife.

A Word to the Children.

"It is gratifying to see so many of our friends here this afternoon. Especially the Light Infantry who have so honorably escorted our soldiers here, and the school children. We want them to be patriotic, and to love and honor the glorious stars and stripes, and to look upon and remember the brave and battle-scarred heroes who once preserved our union."

Funeral of August Bennwitz.

August Bennwitz, who was found dead in his bed at his home, 354 South Academy street, was buried this afternoon in Oak Hill cemetery. Brief services were held at the house at 1:30 o'clock and at St. Paul's Lutheran church at 2 o'clock. Rev. J. C. Koerner officiated.

We are offering a regular 25 cent Maco hose at 15 cents. Have you seen them? Beautifully made, fine colorings, blue, black and tans. All guaranteed stainless. T. J. Zeigler.

A CHORUS choir of forty voices has been organized in the Congregational church, the young people of the church taking a lively interest in the matter. It is arranged that Professor Kowalski shall lead, and a concert probably will be given later in the year.

MAHEN IS SENTENCED TO WAUPUN PRISON

TRAMP WHO VOTED ILLEGALLY "SENT UP."

He Refused to Tell Who Influenced Him to Cast His Ballot, and Accepted a Fifteen Months' Sentence With Indifference—N. E. Lee Owns Up.

For voting illegally in the Fifth ward, Frank Mahen will spend the next fifteen months in the state's prison at Waupun and for forging a check on the First National bank of this city for \$40 Nutt E. Lee, of Beloit will spend the next eighteen months in the same institution.

Both men received their sentence with bowed heads in the municipal court at 9:30 o'clock this morning. Lee withdrew his plea of not guilty, and pleaded guilty, while Mahen, who pleaded guilty on the fifteenth of this month and was convicted was in court this morning merely to receive sentence.

Neither man had much to say and when sentence was pronounced both appeared to be indifferent.

Mahen, the hobo, was the first man to receive sentence.

Mahen's Lips Sealed.

All questioning on the part of District Attorney Jackson failed to develop who it was that induced him to vote.

He said that on election day he met about fifteen men in a coal shed near the depot. These men, he said, told him that if he wanted free whisky, to go to the Fifth ward polling place and vote. This is all he had to say, but it is evident that for the next fifteen months Mahen will suffer for a crime of which others are equally guilty.

Nutt E. Lee, who was sentenced to one year and six months, was a resident of Beloit. On the second day of April he forged a check in Beloit on the First National bank of this city for \$40. The check was made payable to the order of D. M. Emerson or bearer. Both men left on the noon train, in charge of Sheriff Acheson, for Waupun.

WHALEN USED A HOT POKER

Beloit Man Singed a Jail Mate Who Owned White-Light.

Beloit, Wis., April 17.—[Special]—Rhoda Whalen, proprietor of the notorious "joint" across the line, was again in the toils yesterday, and was assessed \$2 and costs for being drunk and disorderly. While he was awaiting the action of friends to pay the fine Chris Eleher was put into the lockup to keep him out of trouble for a while, and it came to Rhoda's knowledge that Chris was possessed of a bottle of alcohol which Rhoda wasn't long in demanding a share of. Eleher refused. Then Whalen heated the big iron poker red hot and tried to see how near Eleher he could get the hot end without frying him, continuing this pleasant pastime until Chris, handed over the bottle. When Marshal Appleby went to the lockup in the evening to release Rhoda, his fine having been paid, he found Whalen so drunk that he was kept locked up until morning.

D. A. R. CONCERT PROGRAM

The Arrangements For the Entertainment Are Now Complete.

The program for the G. A. R. entertainment at the Congregational church Tuesday evening, April 20, is as follows: The exercises beginning at 7:30 o'clock sharp:

THE SELLECK CASE IN COURT

Messrs. Tallman Are No Longer Defendants in the Action

In the circuit court the case of Alfred P. Selleck vs. The City of Janesville and in the case of Mary E. Selleck vs. The City of Janesville the court ordered that the same be dismissed as to the defendants W. H. Tallman, E. D. Tallman, without costs.

In the case of the State of Wisconsin vs. Anna Brown, George Haight et al., and John E. Nis the court ordered a nolle to be entered.

In the voluntary assignment case of George L. Carrington et al the court ordered that time for said settlement be extended till January 1, 1898.

HIS HEAD CUT WHEN HE FELL.

Chicago Man's Visit to Janesville Marred by an Accident.

The next time that Patrick Grady goes to sleep on a bench he will take care to see that all near by flower jars are removed. Mr. Grady resides in Chicago and is now the guest of local friends. At 4 o'clock this morning, while indulging in happy dreams he accidentally rolled from the bench and striking on his head cut a deep gash. Dr. M. A. Cunningham dressed the wound.

JOHN TUCKWOOD will do the prompting at the Woodmen's Easter ball Monday evening.

PEOPLE WHO COME AND GO.

GEORGE M. ALLEN is here from Beloit.

T. J. SALSMAN is home to spend Easter.

W. C. VANKIRK spent the day in Madison.

WILLIAM TAYLOR of Brodhead, spent the day in town.

H. D. MCKINNEY returned last evening from Chicago.

W. A. JOHNSON and wife of Stoughton, spent the day here.

DR. E. D. ROBERTS is able to be on duty after a ten days illness.

ROY E. PIERCE clerk of the St. Paul office at Madison was in town.

H. JACKMAN of Chicago is visiting friends and relatives in this city.

Miss Mabel Jackman has returned from Chicago, after a six weeks' visit.

Miss Fannie Jackson was in Edgerton to attend the Christian Endeavor meeting.

J. C. COLEMAN of Fort Atkinson, was the guest of Mr. and Mrs. L. C. Brewer today.

STATE Secretary F. E. Anderson of the Y. M. A. arrived in town this morning for an over Sunday visit.

Misses Gravin, Moust, Brookhouse, Loudon and Loomis were in Edgerton today, attending the Christian Endeavor meeting.

AMPLE POWER TO RUN CARS

Machinery Will Be Twice as Strong as It Used To Be.

Superintendent Mark Cummins has closed a deal with Captain Pliny Norcross for the purchase of the large pump, smoke stack, and one of the boilers formerly owned and used by the Power City Light and Power company. This will give the street railway company power enough to run two dozen cars if necessary.

"This will give us two boilers, aggregating nearly two hundred horse power, said Mr. Cummins, "and the public may rest assured that the power will not fail us."

J. A. HAGAN INVENTS STAGING

Local Painter Applies For a Patent On His Invention.

J. A. Hagan, the well known painter, is the inventor of an adjustable staging to be used by masons, bricklayers, carpenters and painters. The device consists of an ordinary platform that slides up and down on two end standards. A patent was asked for covering the sliding apparatus. Mr. Hagan's application was filed on April 6, through Solicitor of Patents E. Ry Inman.

WENT TO SEE A PRIZE FIGHT.

Local Sports Visit Stoughton For That Purpose Last Night.

Six local "sports" left last evening for Stoughton to witness a ten round bout between Peter L. Heavy, of this city and William Hines, of Madison. The bills read that the Janesville man was "champion of Wisconsin" but none of the local delegation recognized the man. The Madison man was said to be the "champion welter weight of Rhode Island."

FIRST M. E. CHURCH—Morning class at 9:30. Preaching at 10:30 a. m. and 7 p. m. Noon class at 12 o'clock Sunday school at 12. Junior League at 3:30 p. m. Epworth League at 5:45 p. m. All are cordially invited to attend these services. H. W. Thompson, pastor.

LOCAL BAKERS PLAN TO FORM A UNION

SCHEME WILL REMEDY THE CUT PRICE EVIL.

With Uniform Wage Scale, and Weight Schedule For Goods, the Prices Would Remain at a Point Where Profit Could Be Made—Benefit Consumers, too.

As a means of placing their business on a stable basis, local bakers will join the bakers' union. Consequently bread, in the city of Janesville is liable to sell at the uniform price of 5 cents a loaf or six loaves for a quarter in a short time. Local bakery proprietors are tired of selling the "staff of life" at cut prices, and decided to take the formation of a union, lay the remedy. The plan is to form a local bakers union; pay a uniform scale of wages; have a schedule weight; a regular selling price at five cents or six for a quarter. The employees are to a man heartily in favor of the plan and although the majority of the proprietors themselves are not so outspoken, yet many of them favor the plan for the reason that with bread selling as it is now at three cents a loaf, there is no money in the business.

So within the next two weeks, bread promises to rise in price. Steps towards the formation of the union are under way, and Organizer M. H. Whitaker has notified the head of local labor leaders say that the public will get less loaves for their money, according to the eight schedule they will get just as much bread for their money.

Shoes For Easter

The day that marks the change in footwear from one season to the other is at hand. Our different lines this season more complete, better selected than ever if possible.

Ladies' Tan and New Shade of Wine Color Shoes

All the new coin toes (the shape used most exclusively by every lady this season). We are selling shoes at greater bargain prices than ever before. This is absolutely so. Take our

\$2.85 Tan Shoe.

It is of stock and make which it would be impossible to buy for less than \$3.50—seems a high figure, but the shoes bear out the assertion. Our \$3.50 line cannot be duplicated in the city for less than \$4.00; a comparison all we ask for verification. Our \$4.00 line is, well, simply a dream; \$5.00 would be but a fair figure to ask for them. Its the cash system we adopted last year that makes us to make lower shoe prices than the city ever saw.

Every Man, perhaps, has his Easter suit ready. How about the shoes? Don't start out the spring season incomplete. A \$6.00

Oxblood Shoe \$5.00

Strong & Garfield glove fitting make; add 50 per cent to the appearance of any man's foot. Tan shoes, stylish and durable, from \$2.85 to \$4.00, the strongest we ever have shown. Remember what we said about quality and low prices this year—it's truth.

THE A. RICHARDSON SHOE CO.

C. O. D. Shoe Dealers.

Our FREE SHINE STAND runs every day. Ladies particularly invited to have their shoes cleaned.

All Decorated Chamber Sets...

At a big discount during this annual sale ending April 30. Not the least attractive part of the household is the Crockery, and it is as important to have artistic designs and delicate ware

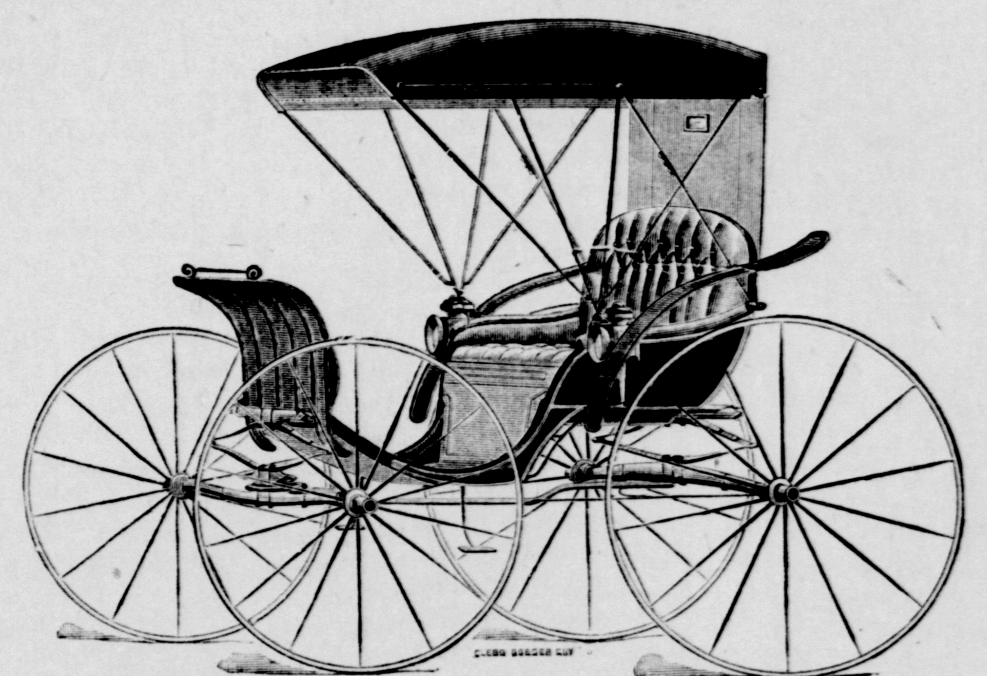

as it is to have beautiful pictures on the walls or soft carpets on the floors. The newest designs in this class of goods are more beautiful than ever and you will enjoy seeing them.

WHELOCK'S.

To the Young Face

Pozzoni's COMPLEXION POWDER gives fresher charms; to the old, renewed youth. Try it.

The Roads Are Excellent

OUR RIGS ARE UP TO DATE.

Best time to buy now. Top Buggies \$45.00 up. Surreys, Road Wagons Open Rigs, Phaetons

Vehicles of all kinds. We sell the best makes and make exceeding low figures on them. Harness, double or single. Don't buy until you see us. We have moved across the street from the old stand—corner W. Milwaukee and Marion streets.

C. WILCOX & SON.

HAUNTED HOUSE.

Pains in the Back Were the Goblins of This Tenement.

NOW HOUSE CAN MOVE ABOUT.

His Kidney Trouble Cured by Dr. Dodd's Kidney Pills, He is the Happiest Man in Minneapolis—No Danger of Returning Twinges.

MINNEAPOLIS, Minn., Dec. 17.—If an angel from Heaven had descended with a crown of glory for the head of J. M. House, of this city, it could not have brought him more joy than the box of DODD'S KIDNEY PILLS.

This simple but efficacious remedy cured him of pains in the back. He was almost helpless with sufferings. Now he is radiant with joy and health. Let those scoff at this who have never suffered as he did. Pains in the back are nature's burning signals of danger to the kidneys. These symptoms cannot be derided.

Like many another man Mr. House did not know what ailed him and attributed the pain to a strain or wrench of the muscles. He tried liniments but they never touched his kidneys. He tried plasters, he tried all kinds of applications but he did not reach the seat of trouble.

The medicine that took away the pains—look them away for good so that they haven't come back to bother him—was DODD'S KIDNEY PILLS.

In a letter written by Dr. House himself, telling how he was cured, he says:

Dear Sirs:—I have taken twelve boxes of Dodd's Kidney Pills, and they have cured me of my kidney trouble. The severe pain in my back has entirely left me. I could scarcely walk before I began taking the pills. Now I am quite active. I never feel any of my old pains or aches any more. I think Dodd's Kidney Pills the best medicine to be found in any country.

What cured House will cure you, if similarly afflicted. Dodd's Kidney Pills are on sale at all druggists at 50 cents a box, or 6 boxes for \$2.50. Or they can be procured direct from the Dodd's Medicine Company of the United States, 638-642 Elliott Square, Buffalo, N. Y.

FACTS ABOUT MAHOGANY.

The Beautiful Wood Brought With Much Effort to America.

It will undoubtedly be news to many that the vast mahogany forests of Nicaragua are controlled in Boston. The cutting and shipping of the immense exports from that country is a great enterprise in itself, to say nothing of bringing the wood here and manufacturing it into lumber, says the Boston Transcript. One steamer plies regularly between this port and Central America engaged in this trade. Five hundred thousand to 700,000 feet is her usual cargo. While the steamer is now on her way to the lumber ports, there are somewhere on the seas bound to Boston four schooners laden with mahogany logs. Their cargoes are each about 250,000 to 300,000 feet. Employed in Nicaragua and the United States of Colombia are from 1,000 to 1,500 native workmen and lumbermen. These are under American bosses. The trees from which mahogany furniture is made vary in age and size. When cut they range in age from twenty-five to thirty years, and some of them are even seventy-five years old. They average twenty-five inches or more in diameter and run as large as forty inches or even more. For every mahogany tree that is cut two others are planted, and thus the forests are practically unexhaustible. From the time that the tree is felled to the hour that it is dumped off the steamer at the Boston docks is an eventful life for the mahogany log. The tree is cut into the proper lengths and then comes the tedious journey to the coast, where it is taken on board the vessels bound for this port. The greater part of the cutting is done during the dry season, which in the United States of Colombia begins about December 1. The natives of that country seem to make better loggers and are better adapted to lumbering than the Nicaraguans. In Nicaragua the season is more irregular and for lumbering is less to be depended upon. After the tree is cut it is hauled to the nearest waterway and rafted to the coast. The logs are hauled by teams of oxen from one to six miles in Nicaragua, but often the distance is very much greater, the journey sometimes taking two days. The roads consist of paths through the forest that are nothing less than swamps and morasses, through which the oxen and horses flounder along. Only animals trained to this kind of work would ever make any progress and American beasts would wallow about perfectly helpless.

Lands in Wisconsin.

The Northwestern Line (O. St. P. M. & O. R'y) has over 400,000 acres of land for sale in Northern Wisconsin at very low prices on easy terms. Land seekers' excursion tickets on sale April 20, May 4 and 18, at very low rates. For particulars inquire of nearest ticket agent, and for maps, descriptive of lands, etc., address G. W. Bell, Land Commissioner, Hudson, Wis.

We keep our oysters in a special refrigerator 30 cents a quart. Sanborn.

FANCY evaporated California peeled peaches per pound 15 cents. Sanborn.

Eton, a Typical English Town.

The houses at Eton are clustered about the college and look very comfortable with their broad, ivy-covered fronts, and window-boxes blazing with flowers, says Harper's Round Table. In the description of Winchester there was so much to say about the college that I had no room to speak of the houses; but at Eton the houses are the more important part. Instead of large, common sleeping rooms each boy has a room of his own. They are not usually more than ten feet square and besides a folding bed, bath tub and washstand they contain not only a fireplace to cook meals and a tea table but also a study table and chair and sometimes a bookcase and ottoman. You wouldn't think there was much space left for a boy to live in, say nothing of making a racket, but there is. A favorite joke in some of the houses is to gather all the bath-tubs in a hall and shove them through the transom into some poor fellow's room. This fills the room so full that each boy has to get his bath-tub, amid vast sounds and confusion, before he can go to bed. In the winter months the boys play football up and down the halls, using the doors at either end for a goal. This also makes enough noise. But these are not the only diversions. In a number of rooms you will find collections of books far larger and more wisely selected than is usual on the shelves even of American university men.

A 13-Year-Old Child Paralyzed

It was Caused by a Nervous Affection, and Rendered One Arm Lifeless.

From the Times, Paola, Kansas.

A happy family is that of Mr. James McKinney, of Hillsdale, Kansas, on whom a Times reporter recently called. His business with these people was to learn the facts for his paper of the cure of their thirteen-year-old daughter from a case of nervous prostration, and the facts were learned from Mrs. McKinney herself, who quickly told the following story:

"The first perceptible result of her extreme nervousness was apparent in a halting step of the child in her right limb," said the mother, "and a physician was called in to attend her. No apparent change coming, another doctor was called to attend her. She continued to grow worse, although we thought the doctors helped her, until she lost the use entirely of her right arm, which hung listless and apparently lifeless by her side."

"The physicians finally told us," continued Mrs. McKinney, "that Mary would outgrow it in time, but by accident, my husband picked up a circular in his shop, which so highly recommended Dr. Williams' Pink Pills for Pale People, that we concluded to try them. Mr. McKinney procured a box at Grimes' drug store in Paola, and we began by giving Mary a half pill at a time, and gradually increasing to one pill at a time, and before we had used one box we could see they were doing her good. This was one year ago. She had been suffering at that time for four years, under the doctors, and we were so encouraged over the good effects of the use of Dr. Williams' Pink Pills, that we continued to use them, and the child

started to school again and has been able to attend school ever since, gradually getting stronger and in better health all the time as you now see her, and we don't notice the old trouble any more."

"Yes, we are always ready and willing to recommend Dr. Williams' Pink Pills, and do so all the time, to our friends," replied Mrs. McKinney to our question; and continuing, she said: "We do not know what the doctors called Mary's affliction, but we took it to be something like paralysis or St. Vitus' dance, and we became very much alarmed about her."

"Our local physician," she says, "now tells us that Dr. Williams' Pink Pills are as good a thing as we could use; and while Mary is apparently well, she has occasional attacks of nervous headache, and then she says: 'Maumma, I must take another Pink Pill,' so you see she has great faith in them, but does not like to have us talk about her late affliction."

Dr. Williams' Pink Pills for Pale People are now given to the public as an unfailing blood builder and nerve restorer, curing all forms of weakness arising from a watery condition of the blood or shattered nerves. The pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box or six boxes for \$2.50. (they are never sold in bulk or by the 100.) by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

Tailor-Made Suits, Skirts, Capes and Jackets :

The Big Line Is Here. The line so many ladies have been waiting for came by express Saturday evening, and will be in stock and on sale Monday morning. This line of 185 pieces consists of the very swellest things in Suits, Skirts, Capes and Jackets, which in connection with the big purchase of a New York line made from the representative in Chicago on Friday, will give us a showing of garments second to none in the state.

All the World Around. The swish of the silken skirt will sound this season. It is the sensible fad of the year. The sheen of its glistening fold and the sound of its tuneful sweep will be seen and heard wherever fashion has a friend or follower. As usual, we assist our friends to their heart's desire. We bring silk skirts close to you by the re

markedly low prices we are enabled to make on these two sample lines—prices which mean a saving of at least one-third.

Easter Millinery. Buying no longer in this community. The man who writes jokes about the fabulous prices of Easter bonnets would find no foundation in fact for his yarns in this store. Easter Millinery is seen here at its best, but that does not mean exorbitant prices by any means. In fact next to the charm of exclusive style, which makes our millinery so desirable, comes the moderate price inducement. "Look here before you buy," is hackneyed, but very good advice.

We Have a remarkable Been Doing business in the Cloak department, and it is town talk that we show the nobby line of the town.

ARCHIE REID & CO.

Easter Offerings in "Ties and Gloves"

PUT on your best suit tomorrow and with it on of our new **Easter Ties** and a pair of the celebrated **Adler Kids**. If your suit is light colored, a pretty Club House in the new shades of red or green, perhaps with a polka dot of black. These are very well colorings. The new flowing **Teck Scarf** is very popular. They fasten at the back of neck with rubber band and hook. We have many of these in all the new shades—also pretty Four-in-Hands, Band Bows and Puff Scarfs. In fact we are headquarters for neck fixings and fully prepared for Easter. Notice the window display.

We have a grand display of 25-cent Ties.

If you need a new hat for tomorrow, get a **Stetson** of us. The **Pecan Pearl** and **Colorado** shades are the correct things.
